Hi Sue - Attached is the initial draft of the action plan that you provided, with our comments in bold. Most of the comments are from Tom Hagler at EPA -I have added a few. I would be glad to discuss any or all of this with you, and time and schedules permitting, to work on a further draft to have ready for the meeting next Tuesday.

We on the federal side aren't sure of the format for our work plan, but we have tentatively come up with a template below, which you may find helpful.

Template: Identification of Action
 Participating Agencies
 Purpose and Expected Outcomes
 Timing of Steps Toward Completion and Expected Completion Date
 Status
 Background.

Please let me know if I can be of any help between now and next Tuesday.

David – Attached is my first draft of a federal-state action plan (14-month strategy). I gave a copy to Lester this morning to review. Wanted to get your thoughts on what items (pages 2-3) should stay, what should come off, what is missing, etc. Thank you.
